1. Background

In terms of the new global standard for the automatic exchange of information between tax authorities, the South African Revenue Service (SARS) will start receiving offshore 3rd party financial data from other tax authorities from 2017 on a regular basis. This created a window to propose a Special Voluntary Disclosure Programme (SVDP) to give opportunity for non-compliant taxpayers to voluntarily disclose offshore assets and income, thereby regularising both their tax and exchange control affairs. The SVDP will be open for applications from 1 October 2016 until 31 March 2017.

The SVDP will run concurrent to the permanent Voluntary Disclosure Programme (VDP) of SARS.

SARS and the South African Reserve Bank (SARB) are working together to ensure that SVDP applications are evaluated and processed through one joint process, i.e. for both tax non-compliance and exchange control contraventions.

2. SVDP Legislative Design

- a) <u>Window</u>
 - Applications for relief under the SVDP will apply for a limited window period of six months starting on 1 October 2016 and closing on 31 March 2017;
 - Applications submitted prior to 1 October 2016 or after 31 March 2017 will be processed under the normal VDP rules, i.e. the SVDP rules cannot be applied.
- b) Eligibility
 - □ Individuals and companies may apply.
 - Settlors, donors and beneficiaries of foreign discretionary trusts (including deceased estates) may participate in the SVDP if they elect to have the trust's offshore assets and income deemed to be held by and accrued to them.
 - Amounts in respect of which SARS obtained information under the terms of any international exchange of information procedure will not be eligible for the SVDP.
 - Disclosures where it is argued by the applicant that all or part of the seed money / subsequent deposits / funding of foreign assets are not taxable in South Africa or have already been taxed in South Africa, are excluded from the SVDP. The normal VDP channel remains open for disclosures of this nature.

3. SVDP application and processing

a) Application process

For SVDP purposes, SARS & SARB have agreed to a single point of entry for applications, which is the SARS eFiling VDP application process. The current VDP application form (VDP01) will be enhanced to accommodate the SVDP tax related disclosures, while a second form (SVDP01) form will be available for exchange control disclosures. Both forms will be available on-line on the SARS eFiling platform.

b) Resources

A compliment of SARB staff will be seated at the SARS VDP office. Contact details will be made available in due course.

c) Evaluation of applications

Tax-related disclosures will be routed to SARS staff and exchange control contravention disclosures will be routed to SARB staff.

d) Approval / Rejection of applications

Tax-related disclosures will be approved or rejected on the same basis as the current VDP process. Exchange control contravention disclosures will be approved or rejected on the same basis as currently applied by SARB.
