The conditions attached to and the information requested below reflects the minimum requirements, which ITAC would apply to evaluate an application under this rebate provision.

- 1. Applications for permits must be addressed to the International Trade Administration Commission (ITAC), Private Bag X 753, Pretoria or delivered by hand to the DTI Campus, (Block E), 77 Meintjies Street, Sunnyside, Pretoria, 0002 or sent electronically via e-mail to Mrs K. Legodi at e-mail: klegodi@itac.org.za.

- 3. If all the information requested in the application form is not submitted, the application will be deemed deficient. The Applicant will be informed of application deficiencies and given a stipulated date in which it may address such deficiencies. Should a duly complete application not be submitted at the stipulated date, the application will not be considered.
- 4. At least fourteen (14) days should be allowed for the processing of applications and the issue of permits, provided that all necessary information which renders the application duly completed has been submitted to ITAC.
- 5. Each rebate permit issued defines the period during which the goods concerned can be cleared under the rebate item. The rebate permit may be valid for twelve months from date of issue, or a shorter period as decided upon by ITAC, which will be aligned to the phase-out period.
- 6. If an applicant intends to apply for a subsequent permit for which the period of validity should commence on the day after the expiry date of the permit issued in terms of paragraph 6, this must be clearly indicated in a new application. The application must be submitted to ITAC at least two weeks prior to the expiry date of the previous permit as permits cannot be issued with retrospective effect.
- 7. Rebate permits issued will be subject to the following conditions and reciprocities:

Letters received from titanium dioxide manufacturer(s) must be submitted with application form and should have a date, not older than 30 days from the date of application.
- 7.5. As a rebate provision is considered for the purpose of providing relief to domestic producers that may experience injurious import pressures against similar imported end products, the benefit of the rebate provision will be tied to conditions related to economic performance over time and may be reviewed after a specified period. Reciprocity commitments as set out in the application form must be addressed in each application submitted.
- 7.6. The applicant must commit, *inter alia*, to the creation of employment and provide in each permit the number of jobs it expects to create annually as a result of the rebate permit granted. The applicant must submit to ITAC an annual report on its job creation performance.

Should any party misplace a permit, the applicant should submit an affidavit on a company letterhead endorsed by a Commissioner of Oath, stating that the permit was lost and the circumstances surrounding loss of such permit. ITAC may, on the facts furnished, exercise its discretion to issue a new permit that replaces the lost permit. Should the lost permit be found the applicant must return such permit to ITAC.

- 11. Extensions of the validity period stipulated on permits will only be granted where the relevant permit has not expired, and in the view of ITAC, good cause warrants extension of such permit. Such discretion shall lie solely with ITAC. Extensions will only be permitted for a period up to 3 months and the party applying for the extension must submit a letter and supporting documents to ITAC, furnishing reasons and good cause for the extension.
- 12. If a prima facie case is established that any condition of this permit is not being adequately complied with, the permit holder will upon detection of such contravention be issued with a compliance notice to show good cause and submit evidence within seven (7) days of receipt thereof, why ITAC should not make any adverse finding/s on the prima facie evidence of non-compliance with the above conditions. Thereafter the matter will be considered by ITAC and if ITAC determines that a contravention of any of these permit conditions have occurred, this permit may be varied, amended or revoked/rescinded.

Should non-compliance with any applicable legislation governing the issue of this permit be detected by ITAC, at any time, ITAC will take such non-compliance by a permit holder or related party who facilitates such conduct into account, in considering whether to revoke/rescind this permit. In terms of section 54(1)(b) of the International Trade Administration Act, Act 71 of 2002, it is an offence to fail to comply with a condition stated in this permit and any person found guilty of such an offence is liable to a fine not exceeding R500 000,00 or to imprisonment for a period not exceeding ten years or to both such fine and imprisonment.
